1 *Thank You*

Thank you for purchasing the Cellular Innovations HFBLU-CK2 Bluetooth Speakerphone. We hope you enjoy it! This instruction manual will get you started and ready to make the most of your Speakerphone.

2 *Quick Pairing Guide*

A. Ensure the Bluetooth Speakerphone is switched OFF and is within 3 feet of the Bluetooth device you want to pair.

B. Press and hold Answer/End button for 6 seconds. The LED will flash BLUE and RED and you will hear a long beep. Your headset is now in pairing mode.

C. Make sure your mobile phone is in pairing mode. Through your phone, search for Bluetooth devices.

D. Select the Bluetooth device labeled BN604.

E. Type in passcode "**0000**" and confirm.

Your mobile phone will pair with the speakerphone. After successfully pairing, the headset's LED will change to flashing blue.

3 *About your Bluetooth Device*

Bluetooth technology

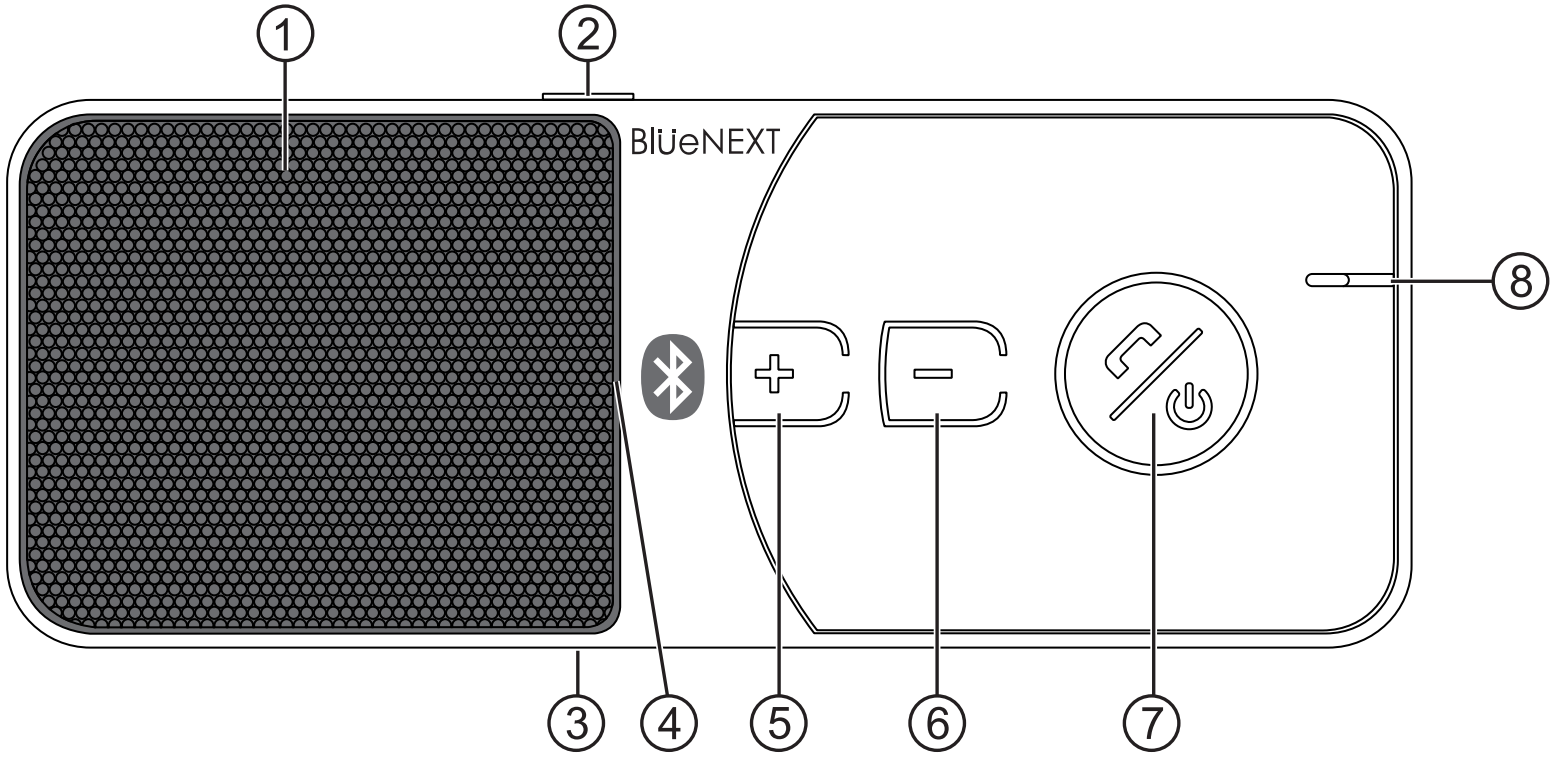
Bluetooth is a global standard of wireless communication technology suitable for short distances. In order to avoid interference, it adopts frequency jumping technique, divides 2.4GHz ~ 2.4835GHz into 79 channels and transmits data at the 1600 time/sec. The transmission distance is about 10 meters. BN604 conforms to Bluetooth version 2.1+EDR and supports Bluetooth Handsfree Profile.

Bluetooth Power Consumption

The power consumption of Bluetooth Speakerphone is small and it can be used for a long time. The nominal value of output power is 1mW, which is less than the power of wireless phones that conform to industrial standard.

Use with any device equipped with Bluetooth audio technology including mobile phones, PDA's, PC's and notebook computers.

4 Speakerphone Features



1. Speaker

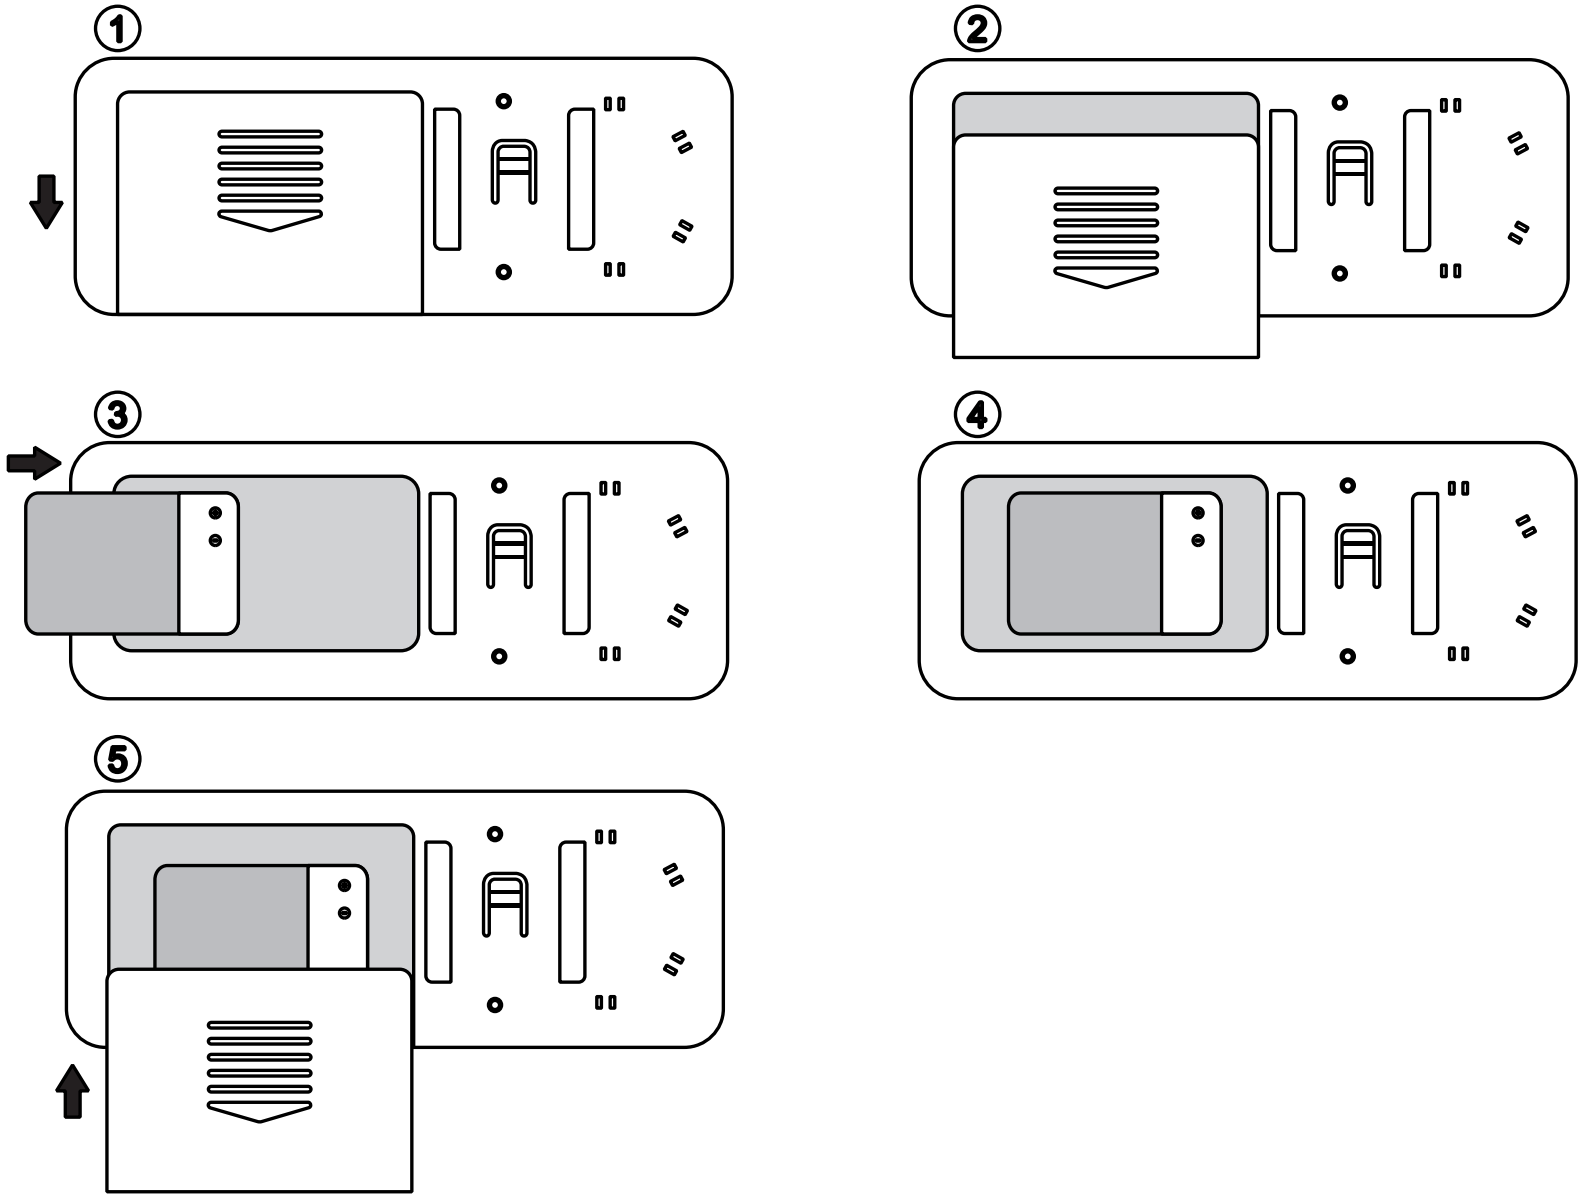
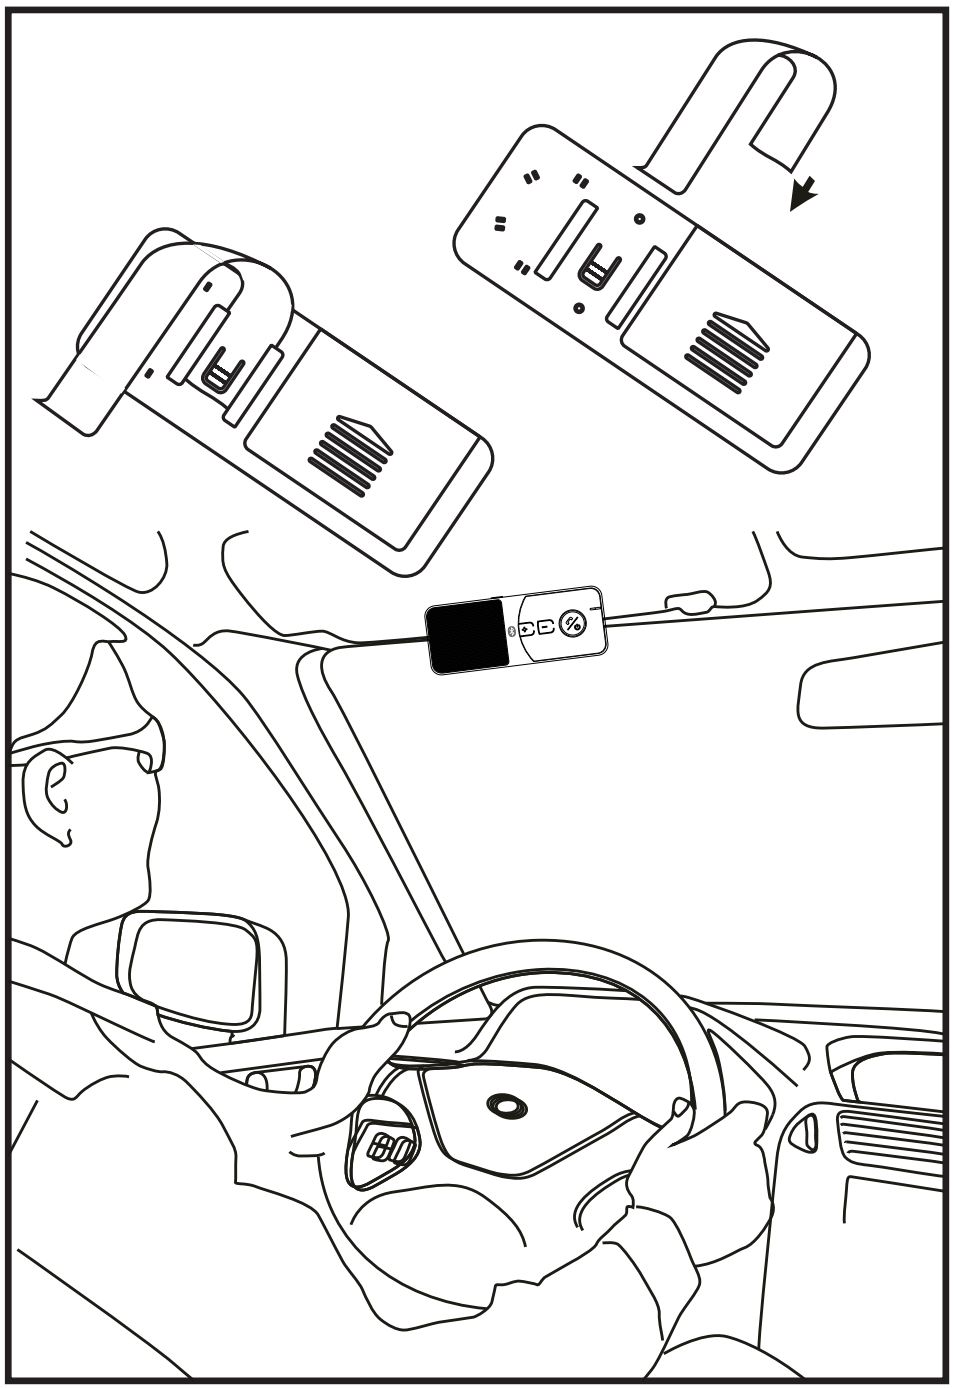
How to replace the battery



Installation - Sun Visor



6 *Operating Instructions*

Make sure the device is fully charged for 3 hours before you start using it. Use the Car Adapter to charge the speakerphone. Connect your headset to the Charging adapter. When the LED light turns off, your headset is fully charged.

Power on and off

To power ON Press and hold the Answer/End button for 3 seconds until you hear a short beep. The LED light will flash solid blue for 3 seconds and the speakerphone will power on.

To power OFF, Press and hold the Answer/End button for 3 seconds until you hear a long beep. The LED light will flash solid red. Your Speakerphone is now switched off.

Quick Pairing Guide

A. Ensure the Bluetooth Speakerphone is switched OFF and is within 3 feet of the Bluetooth device you want to pair.

B. Press and hold Answer/End button for 6 seconds. The LED will flash BLUE and RED and you will hear a long beep. Your headset is now in pairing mode.

C. Make sure your mobile phone is in pairing mode. Through your phone, search for Bluetooth devices.

D. Select the Bluetooth device labeled BN604.

E. Type in passcode "**0000**" and confirm.

Your mobile phone will pair with the speakerphone. After successfully pairing, the headset's LED will change to flashing blue.

Receiving an incoming call

If you receive an incoming call, press the Answer/End button to accept the call.

Rejecting an incoming call

To reject an incoming call while using the headset, press and hold the Answer/End button for 3 seconds. You will then hear a short beep sound and the incoming call will be rejected.

Ending a call

To end a call, press the Answer/End button.

7 *What your headset can do*

Last number redial

In the standby mode, press and hold the Volume down button for 2 seconds. You will hear 2 short beeps. The last number called will be Re-Dialed.

Mute function

While the call is in progress press the MODE button to mute the Mic.
The receiving party will no longer be able to hear your voice. You will hear a beep every 10 seconds during the mute process.
To Unmute. Press the MODE button again.

Call transfer

While the call is in progress, Press the Volume Up "+" and Volume Down "-" button. The call will be transferred to your mobile phone.
Repeating the operation will transfer the call back to the speakerphone

Voice dialing

A. If your mobile phone supports voice dialing, you can use it with your speakerphone.
B. In standby mode press the Answer/End button, you will hear a beep and your phone will ask to say the name of the person you would like to call.
